

The 2027 Rabbit Rescue Calendar is now available!!!

Missouri House Rabbit Rescue gives domesticated rabbits a second chance at life. Many of the bunnies who arrive at the rescue have faced neglect, abandonment, or improper care, and the team works patiently to restore their health and confidence. Each rabbit receives medical attention, a proper diet, and the opportunity to learn social skills in a safe and nurturing environment. Volunteers spend time handling and interacting with the rabbits, helping them build trust with humans and preparing them for life as beloved companions. Once ready, the rescue carefully matches each rabbit with an adoptive home that understands the unique needs of house rabbits, ensuring a safe, permanent, and loving future.

For our 2027 calendar, we're taking a look back. This year, we're revisiting some of our favorite images since 2014 and bringing them together in one retrospective collection. Each month offers a glimpse into the years behind us—and a reminder of the bunnies and moments that made them special. Here's to the memories we've made, the images we've captured, and all that's still ahead..
